Goals - The International Conference on Hydrogen Production (ICH2P-2019) is a multi-disciplinary international conference on the production of hydrogen through various thermal, chemical, biological and other methods, as well as its use in various systems, including fuel cells. It will provide a forum for the exchange of latest advances and technical information, dissemination of new research developments in the areas of hydrogen production and usage, and debate involving the future directions and priorities in the hydrogen economy for a sustainable future. The conference will have particular value and interest to researchers, scientists, engineers and practitioners who are working in the field of hydrogen production technologies, ranging from policy making and technical development to management and marketing. There will be a particular emphasis placed on thermochemical and nuclear-based hydrogen production.

Venue- The conference will be held at the Grand Hotel Italia, <http://www.grandhotelitaliaciuj.ro/>, in Cluj-Napoca, Romania. ICH2P-2019 together with SME-2019 is organized by: AIIR - Transylvania-Cluj Branch, ICSI Rm. Valcea and the Romanian Association for Hydrogen Energy.

Collocated events: 38th Modern Science and Energy Conference, SME 2019 and 3rd International Conference on Research, Innovation and Commercialisation, ICRIC-19

Situated in central-north-western Romania, in the center of Transylvania, Cluj-Napoca is a dynamic and vibrant city. The ancient capital of Dacia Porolissensis, Cluj-Napoca was recorded for the first time by the Greek geographer Claudius Ptolemy (AD 85 - 165) some two thousand years ago. It became a municipality during the reign of Emperor Hadrian (AD 117 – 138) under the name of Municipium Aelium Hadrianum Napoca and later to a colony, around AD 180 under Marcus Aurelius or Commodus. Today, the Municipality of Cluj-Napoca is the spiritual and economic capital of Transylvania as well as an influential academic and medical center; the heart of multiculturalism and diversity, Cluj-Napoca is the city where the past, present and future have toiled identity and local specificities.

The papers accepted and presented at the ICH2P-2019 will be published in a book of abstracts, with ISBN. High quality papers of archival value will be considered in extended form for publication in various reputable international journals such as the International Journal of Energy Research (IF 3.009) and International Journal of Hydrogen Energy (IF 4.229).

Conference Co-Chairs: Gheorghe Badea and Ioan Stefanescu

Technical Co-Chairs: Ioan Aschilean, Ioan Iordache

Founding chair: Ibrahim Dincer, UOIT, Canada

Honorary chair: T. Nejat Veziroglu, President of IAHE, USA

Important Dates:

February 17, 2019, new abstract deadline : One-page abstract due (through website)

March 17, 2019: Notification of abstract acceptance

March 31, 2019: Notification of manuscript acceptance in supporting journals

ICRIC-19

May 15-17, 2019
Cluj-Napoca, Romania

ICRIC-19 3rd International Conference on Research, Innovation and Commercialisation

GOALS: The ICRIC-19 is a multi-disciplinary international conference on research, innovation and commercialization and will provide a forum for the exchange of the latest technical information, the dissemination of the high-quality results on these issues, the presentation of the new developments and methodologies in these areas, and the debate and shaping of future directions and priorities for better industrial, environmental, energetic and economic sustainability as well as sustainable development for global security. The primary themes of the conference are research, innovation and commercialization not only in engineering and science but also in all other disciplines (e.g. ecology, education, social science, economics, management, medical sciences, political sciences, and information technology). Therefore, papers on related topics are solicited from all relevant disciplinary areas, ranging from current problems, projections, new concepts, new technologies, new methodologies, modelling, experiments, innovation, commercialization, and measurements, to simulations.

FORMAT: The format of the ICRIC-19 will be arranged with the following major elements as general papers presented in oral and poster sessions, keynote papers with invited speakers, and panel discussion and specialized sessions on special topics. There will also be co-located events referring to science and energy, social events and conference tours. High quality papers of archival value will be considered in extended form for publication in various reputable international journals.

Founding Chair

Ibrahim Dincer, Canada

Seniors Co-Chairs

Gheorghe Badea, Romania
Ioan Stefanescu, Romania

Organizing committee:

Mihai Varlam, Romania
Ioan Aschilean, Romania
Ioan Iordache, Romania
Sandro Nizetic, Croatia

International Board Members

Zong-taeBae, South Korea
Andrew Burke, UK
A.M. Colpan, Japan
Angappa Gunasekaran, USA
Nicos Komninos, Greece
Peter Lund, Finland
S. Riffat, UK
Daniel Rouach, Germany
Z. Sen, Turkey
John Sparrow, UK
David Teece, USA
Max Von Zedtwitz, China
Bekir Sami Yilbas, Saudi Arabia
Patarapong Intarakumnerd, Japan

CALL FOR ABSTRACTS!

The conference topics include, but are not limited to:

- Benchmarking and best practices in innovation activities
- Building relationships for technological innovation
- Commercialisation strategies and policies
- Empirical analysis and case studies in business innovation and research
- Entrepreneurship and innovations
- Innovation incubation and incubators
- Innovation issues, management approaches, policies and strategies
- Inter-organisational relations and open innovation models
- Managing creativity and innovation culture and its eco-world
- New product and process innovation
- Performance measures and metrics in business innovation and research
- Research management/policy/strategy, partnerships and innovative approaches
- Spin-off companies
- Strategic planning, business development and commercialisation practices
- Technology transfer and licensing

SUBMISSION: Initial screening will be based on the abstracts, and the authors should submit their abstracts (max. 2000 chars) through ICH2P-2019 website only, www.ich2p.org. The authors will select ICRIC-19 topic in the submission section. The abstract should contain the title, names of authors and affiliations.

The authors of the papers selected for publication in the conference support journals will be notified by email.

IMPORTANT DATES :

February 17, 2019; One-page abstract due (through ICH2P-2019 website only, www.ich2p.org)
March 17, 2019; Notification of abstract acceptance (via e-mail)

VENUE: The conference will be held at the **Grand Hotel Italia**, <http://www.grandhoteliitaliaciuj.ro>, in **Cluj-Napoca, Romania**. The event is co-organized by: Technical University of Cluj-Napoca, AIIR - Transylvania, ICSI Rm. Valcea and the Romanian Association for Hydrogen Energy.

Registration fee:

Student delegate: 370 EUR (early); late registration, after March 1: 450 EUR
Full Delegate: 470 EUR (early); late registration, after March 1: 550 EUR
Accompanying Person: 200 EUR (early); late registration, after March 1: 250 EUR

The account in which the registration fee is paid is a RON (Romanian currency):
Bank: BRD - Groupe Société Générale, Cluj-Napoca branch, Romania
IBAN: RO57BRDE130SV80952151300; SWIFT: BRDEROBU

Payment is made in Euro equivalent at the date of transfer. The account is in the national currency of Romania.

Please mention: (1) Full name of participant and (2) ICH2P 2019 Registration fee.

Supporting Journal:

International Journal of Research, Innovation and Commercialisation (IJRIC), ISSN print 2051-9931

COLLOCATED EVENTS:

- The International Conference on Hydrogen Production (ICH2P-2019), and
- 38th Modern Science and Energy Conference (SME -2019).
