

Dear colleagues,

It is our pleasure to extend a warm welcome to the inaugural edition of the *Electrochemistry of Batteries and Energy Storage Technologies* – ElectROBatt 2024 Conference, a premier gathering of global experts, researchers, and industry leaders in the field of advanced battery technologies and energy storage solutions, hosted in Romania.

Against the backdrop of accelerating technological innovation and growing demand for sustainable energy solutions, the ElectROBatt 2024 conference inspire researchers interested in the field of electrochemistry of batteries for energy storage applications, to explore the latest advancements, exchange knowledge and experiences regarding the recent trend, and forge meaningful connections with peers and thought leaders from around the world. The topic of this conference covers the advanced battery materials and chemistries, novel electrode architecture and electrolyte designs, manufacturing processes and scale-up strategies, modelling, simulation, and computational approaches, diagnostics, testing, characterization techniques, system integration and applications across diverse sectors and beyond.

As we embark on this collaborative journey of exploration and innovation, we invite you to join us at ElectROBatt 2024, scheduled to take place from 31st of October to 1st November at Radisson Blu Hotel, Bucharest, Romania, and contribute your expertise, insights, and perspectives to advancing the frontiers of battery technology and shaping the future of energy storage.

Save the date and stay tuned!

We look forward to welcoming you to ElectROBatt 2024 to an enriching and inspiring exchange of ideas and knowledge!

Sincerely,

Prof. Alexandru VLAD

ElectROBatt 2024 Chair

Important dates:

- May 17, 2024: First announcement
- May 20, 2024: Abstract submission opens
- July 31, 2024: Abstract submission deadline
- August 19, 2024: Presenters for oral and poster presentations receive acceptance notices
- September 15, 2024: Registration deadline

Registration Guide

ElectROBatt 2024 participants are advised to register in advance by September 1st, 2024 to get the early registration discount. Registration fee includes conference materials, coffee breaks, and daily lunch during the conference, and gala dinner.

Registration Fees	Student	Regular
<i>Early Bid (before September 1st)</i>	250 €	370 €
<i>After September 1st</i>	300 €	420 €

*Selected papers of the conference will be published in a special issue of **Batteries & Supercaps**, a [ChemPubSoc Europe](#) Journal (published by Wiley VCH). Graduate Student Poster and Oral Presentation Awards.*

More information about the **ElectROBatt 2024** and the event can be found here: www.electrobatt.eu

Invited Speakers

- Prof. Julia Amici (Politecnico di Torino, Italy)
- Dr. Simon Clark (SINTEF, Norway)
- Prof. Robert Dominko (National Institute of Chemistry, Slovenia)
- Prof. Alejandro A. Franco (Universite de Picardie Jules Verne, France)
- Dr. Camelia Matei Ghimbeu (CNRS, France)
- Prof. Patrik Johansson (Chalmers University of Technology, Sweden)
- Prof. Philippe Poizot (Université de Nantes, France)
- Dr. Alexandre Ponrouch (ICMAB-CSIC, Spain)
- Dr. Rosalba A. Rincón (Batteries & Supercaps, Wiley VCH)
- Prof. Magdalena Titirici (Imperial College London, UK)
- Prof. Aishui Yu (Fudan University, China)

Conference Chair

- Prof. Alexandru VLAD

Organizing Committee

- Dr. Mihaela Buga
- Dr. Adnana Spinu-Zaulet
- PhD. Student Alexandru Rizoiu
- Dr. Roxana Ionete
- Dr. Mihai Varlam

International Advisory Board Members

- Prof. Mircea Dinca (MIT, USA)
- Prof. Stefano Passerini (KIT, Germany)
- Prof. Philippe Poizot (Université de Nantes, France)
- Dr. Rosalba A. Rincón (Batteries & Supercaps, Wiley VCH)
- Prof. Magdalena Titirici (Imperial College London, UK)
- Prof. Aishui Yu (Fudan University, China)
